

Remarks

Applicants have made the corrections to the specification that are necessary to make the description of the drawings, as well as references to the drawings in the specification, consistent with the drawings that accompany the application. The four views of Fig. 4 and Fig. 4A were renamed as Fig. 4A, Fig. 4B, Fig. 4C, and Fig. 4D. The specification now reflects this more clearly.

Summary

Applicants respectfully propose that the application now stands in condition for issuance, and earnestly request that the patent be issued forthwith.

Respectfully submitted,
